

AccelStepper::computeNew
Speed

```
graph LR; A[AccelStepper::computeNewSpeed] --> B[AccelStepper::distanceToGo]
```

A diagram showing a dependency. On the left, a gray rectangular box contains the text 'AccelStepper::computeNewSpeed'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'AccelStepper::distanceToGo'.

AccelStepper::distanceToGo
