

MonoBehaviour

```
graph BT; IllaGraphNode --> MonoBehaviour
```

A UML class diagram showing an inheritance relationship. The class 'IllaGraphNode' is represented by a light gray box at the bottom, and the class 'MonoBehaviour' is represented by a white box at the top. A solid blue arrow points from the top of 'IllaGraphNode' to the bottom of 'MonoBehaviour', indicating that 'IllaGraphNode' inherits from 'MonoBehaviour'.
