The diagram illustrates a process flow where two separate inputs are combined into a single output. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'RobotScript.InsertionPossible FromCurrentLocation' and the bottom box contains 'RobotScript.InsertNeighbouring Lattice'. Blue arrows point from the right side of each of these boxes towards a single gray rectangular box with a black border on the right. This gray box contains the text 'RobotScript.CheckInsertion Possible'.
